Service May 6th](#)[BLOG](#)[What's your path?](#)[DONATE](#)

Dear Mark,

This announcement officially launches **MANY PATHS WORLD SERVICE, Incorporated** as a 501(c)(3) nonprofit, tax-exempt public benefit corporation. The IRS status notification arrived in mid-March after months of putting together all the necessary applications and support documents. We are grateful for the ruling, but I sensed it was already done in the Infinite Mind as this organization was always part of the larger vision for Many Paths.

The bookstore we all loved has truly evolved and hundreds of you have continued your support in many generous ways. As we build our new world, we'll need not only your support but the generosity of thousands, even millions more.

**OUR VISION PANS THE WORLD;
OUR MISSION REACHES ALL HUMANITY.**

Everyone will have the opportunity to contribute in dollars, ideas, time, enthusiasm or compassion. So far, Many Paths World Service has been involved in many projects including:

- donating a peace pole to the Interfaith Peace Garden of Holy Spirit Retreat Center
- collecting badly needed wish-list items for PATH (People Assisting the Homeless)
- cleaning up local neighborhoods
- coordinating meditations, labyrinth walks and events
- participating on various committees to build a greater message of spiritual awareness and tolerance

We consider it a privilege to be of service in so many ways, surrounded by wonderful people; however, with only 2 of us in the administration, we look forward to expanding our staff soon.

As part of our mission, we contribute 10% of all proceeds to other like-minded, service-oriented organizations. We've sent gifts to PATH, Saint Andrews Abbey, North Hollywood Church of Religious Science and Holy Spirit Retreat Center, and we welcome your suggestions and requests for future, far-reaching contributions.

We're off to a great start already and **WE OWE SO MUCH OF IT TO YOU**. So that we can grow quickly

and bring into manifestation every new project, which will ultimately serve you on your path, we're asking everyone to **GIVE JUST \$5.00**. If you have more to give, that's great! Send us a check or click here now - **DONATE**. You don't need a PayPal account to submit a credit card contribution and every donation made is tax-deductible. It's so easy!

It is our hope that you'll take a few moments to read more below about **WHAT'S ON OUR AGENDA**. Forward this email to your friends and ask them to give \$5.00, too. Thank you all for being part of the growing Many Paths community; we're delighted to continue our journey with you and look forward to making many new friends along the way.

Peace be with you.

Mark & Sue

PURPOSE

- Advance spiritual consciousness toward a realization of oneness by building a social atmosphere of non-denominational and interfaith tolerance, communion, integration, cooperation and education

We promote a spiritual and cultural reformation where all of humanity lives in respectful communion. The advancement of spiritual exploration, tolerance and integration are the threads that weave through our every intention, project and haven. We realize your desire for community; therefore, plans are underway to create the Many Paths Retreat Center for Spiritual Community. This center may unfold in conjunction with other like-minded organizations or of its own accord; it may be founded in the local San Fernando Valley or nearby; it will be a haven for respite, insight and rejuvenation. Whatever the blueprint, we know it is an especially sacred place.

Alongside this plan, we're exploring ideas with Los Angeles city officials for revitalizing small, public spaces into inter-denominational spaces, beautified to create a restful setting where one can find a bit of peace throughout any day. The first one is likely to be in the very backyard of Many Paths World Service which will be open to the public. Other plans for advancing consciousness include frequent [meditations](#), collaborative labyrinth walks, workshops with Linda Brown, classes that introduce the power of crystals and other forms of healing. We're actively engaged in building up a spiritual library for the general public, organizing a Oneness Rally and offering more [spiritual/interfaith talks](#), discussions and panels.

OBEDIENCE

- Restore worldwide, public awareness of social plights such as, but not limited to, poverty, homelessness or hunger, which still plague segments of humanity while also advancing the public toward cultural reform and service to these issues
- Refuel the marginalized through spiritual edification, material fortification and unconditional love, recognizing the entire being so that all can realize their innate potential

We foster an inner awareness of and obedience to an inspired call of realizing the unique, innate potential within every individual. We encourage the cultivation of, listening to and following one's Higher Call through personal spiritual practice, one that builds an awareness of a Power greater than oneself and moves her/him away from selfishness.

Joel Goldsmith said, in the Art of Spiritual Healing, "There could be no physical healing, if there were not also spiritual regeneration. When one is restored, the other follows." It is because of these words and the vision of countless others that we have already scheduled a dozen interviews with local agencies and organizations that work tirelessly with the homeless and others living in poverty to find ways to raise awareness through public education, reframing how we look upon all brothers and sisters in need regardless of any perceived stigma. We intend to change the public's reaction from ignoring the problem to fearlessly embracing these citizens as part of the human family.

SERVICE

- Create bridges between complementary social, service and spiritual organizations so that collaborative resources are used effectively, broadly and with greatest impact
- Develop and provide a vast array of service opportunities through volunteerism while also supporting individuals and organizations with initiatives to create their own platforms for community, national or world service

We support through purpose and obedience many paths or platforms for cohesive community, national and world service. With active plans already underway for a high-quality Soup Kitchen in the central San Fernando Valley, we'll provide not only nutritious meals for thousands who live on the street or below the poverty line, but also collaborate with structured organizations to provide housing and other assistance while creating dozens of unique volunteer opportunities not otherwise found in the immediate area.

We've collaborated with FOLAR to bring together 50+ volunteers to [clean-up Balboa Park](#) on May 9th and are working to establish a regular neighborhood clean-up team in/around the Valley. To build additional relationships for collaboration, we intend to work closely with other like-minded people and organizations such as Tree People to provide plantings for our inter-

denominational public spaces or Peace Pole Makers to supply low-cost peace poles for permanent placement around the city, state or country. We reach out to faith/spiritual communities to build coalitions for interfaith tolerance and peacemaking, and we'll soon make small grants available to individuals who submit proposals for personal service projects aligned with the purpose(s) of Many Paths World Service.

SUPPORT

Your gifts support the work of Many Paths World Service in countless ways by promoting a spiritual & cultural reformation where all of humanity lives in respectful communion THROUGH an inner awareness of and obedience to an inspired call for realizing the unique, innate potential within every individual. It is our call to advance this purpose world-wide.

DONATE

Thank you for your generosity.

Many Paths World Service, Inc. is a 501(c)(3) nonprofit, public benefit charity organization. All donations are tax-deductible. No PayPal account required.
